

## Part II : Inauguration Speeches

### PROLOGUE

**I**nterdisciplinary International Conference was a well-conceived and coordinated effort to assess and reassess the rights of child, environment and human health policies and their implementation through legal measures. The Agenda speeches in the inauguration of the Conference emphasized well that partnership of law with other disciplines is designed to augment human welfare and ecological conservation and preservation. Law represents reasons and wisdom of ages. "It is shaped by society and in turn it shapes society, said His Excellency Dr. S.D. Sharma, President of India." "Law in its prescriptive and prohibitive form is a manifestation of human desire to regulate social behaviour and move society towards desired goal", said the Hon'ble Mr. P.V. Narasimha Rao, Prime Minister of India. Social awareness plays an important role in dealing instrument through which the future life of mankind can be successfully shaped said Hon'ble Mr. Justice S.R. Pandian. The strategies to be evolved in the Conference will halt and reverse these pernicious trends and will help foster the right values and right strategies emphasized Hon'ble Mr. Chief Justice M.N. Venkatachalliah. The UNICEF felt proud to be partner in the great endeavour towards meeting the promises made to all of India's children said Dr. Jon E. Rhode, Representative UNICEF, India. These brilliant highlights of various speeches and hosting of the International Conference by the ILI and co- sponsorship provided by the UN agencies and other national and international institutions made the event in reality historical one in the Republic of India a country of great heritage.
